DISTRICT OFFICE · 3434 COLWELL AVENUE · SUITE 200 · TAMPA, FLORIDA 33614

MEMORANDUM

TO: FishHawk Ranch Residents

FROM: Fishhawk Community Development District II Board of Supervisors

DATE: April 18th, 2014

RE: **TECO Meeting Summary for FishHawk Ranch**

As an appointed Supervisor by Fishhawk Community Development District II, Dawn Turner, attended a TECO design meeting on Friday, April 11th, 2014 regarding the transmission line project that is specific to the area that will impact Fishhawk District property, residents of FishHawk Ranch as well as Channing Park. The meeting was arranged by employees of TECO with representatives from Newland Communities, the Channing Park HOA and Fishhawk CDD II.

With the project well underway, having gone through all necessary approvals, the next step for TECO is the design phase. The meeting was arranged to share the research and designs (3) that a third party power engineering consultant, hired by TECO, has done. Information was presented by the consultant over the phone while viewing an electronic presentation.

The next step for TECO, which is not a required step but one they support, is to bring the local community together for the same type of presentation so that residents will have an understanding of the options and their impact on the communities as well as the timeline for the project.

At the time of this meeting, the date, time and location for the community gathering had not been arranged. Future information will be posted on their website at the following link:
